Note: Several companies did not respond to repeated requests for information from Business Review, and therefore those agencies are not included on this list. The Insurance Agencies Business List is ranked by the amount of premium written in 2007 in Washtenaw, Livingston or western Wayne counties. Public sources including, but not limited to, community chambers of commerce provided an initial list of companies, which were then contacted directly. While every effort is made to ensure accuracy and thoroughness, omissions and typographical errors sometimes occur. Send corrections or additions to markk@mbusinessreview.com. The List is researched by Jennifer Daniel Szymanski, jenszymanski@ameritech.net.
